## design (OPTIONAL EXTRA)

t&s offer a seamless design service for all ITEC Conference exhibitors and partners and can provide you with a choice of two design routes for your ITEC conference space.

**We can either:** Work with your existing look and feel to create a stand design in keeping with your current branding - our preferential cost to you = **£50 per panel / pop up**.

**Or:** If you do not have a brand/appropriate look and feel in place, we will spend a little extra time in order to take a brief (either via Skype, telephone conference or email), in order to provide you with a distinct look and feel - our preferential cost to you = **£75 per panel / pop up**.

All design charges above include; account management (proofreading, client, studio and third party liaison) and all design (typesetting, production and artworking). The cost will also include one set of simple fine tuning amends, thereafter amends will be quoted at the TSA preferential rate.
